LASER TAG PRODUCT CATALOGUE

EDITION 2026

Commercial taggers, wearables, scenario devices, software, ready-to-launch sets and arena solutions — curated for FECs, adventure parks and gaming arenas.

WELCOME

Your one-stop partner for laser tag business

Winera offers proven commercial laser tag equipment under one roof. Whether you are opening a mobile outdoor business, an indoor arena or adding a new attraction to a family entertainment centre, we help you choose the right equipment, sets and arena layout.

Indoor & Outdoor
Taggers, vests, headbands and kits for dark arenas, open fields and mobile set-ups.

Scenario-Driven Play
Scenario devices and free control software for 200+ custom game modes.

Turnkey Arenas
Complete sets, inflatable bunkers and themed arena attractions.

FALCON Tagger

Ten laser tag weapons in one unit — machine gun, sniper rifle, grenade launcher, pistol and more — with patented impulse recoil and vibrant LED lighting. Available as FALCON F1 and FALCON F2.

FALCON F1 / F2 · BLACK OR CAMOUFLAGE

10+
WEAPON TYPES

320°
HIT-SENSOR COVERAGE

30+
ON-SCREEN GAME INDICATORS

6 mm
PROTECTIVE DISPLAY GLASS

Key features

- **Impulse recoil** (patented) — impulses travel through the body to the shoulder (Premium version)
- **Colour IPS screen** — 12 indicators at once: health, magazines, weapon type and more
- **Main + secondary weapon** chosen before the session, switchable during play
- **3 hit sensors** (1 front, 2 side) — a hit can damage the player or disable the weapon
- **Capacitive hand sensor** blocks blind fire from behind cover (Premium)
- **One-click power-off** of all game sets from sofware

Specifications

Models	FALCON F1, FALCON F2
Body	Shock, scratch & drop-resistant ABS plastic
Electronics	Bracket-mounted, multi-layer varnish vs dust & moisture
Operating temp.	−30 to +50 °C
Display	Colour IPS, 6 mm (0.2") glass
Safety	No sharp parts, rubber bumper, certified eye-safe IR emitter
Colours	Classic black / camouflage
Options	Aquaprint finish, red dot sight

NEW RELEASE

AR-15 MAVERICK

A realistic AR-style tagger with a mechanical charging handle, three fire modes, dual recoil and Picatinny rails for tactical accessories — built on the BLE Outdoor platform.

AR-15 MAVERICK · 70 CM · 1.4 KG

70 cm	1.4 kg	10 h+	IP54
TOTAL LENGTH	WEIGHT	CONTINUOUS FIRING	DUST & SPLASH PROTECTION

Specifications

Body	Reinforced ABS plastic
Rails	2 × standard Picatinny
Operating temp.	−20 °C to +40 °C
Display	Colour IPS, 5 mm tempered glass
Hit sensors	3 (2 side + 1 top) · 320° coverage
Fire modes	Full auto, 3-round burst, single
Trigger	Contactless Hall-effect sensor
Pairing	NFC — headbands, vests, Scorpion band

Highlights

- **Dual recoil** — shoulder impulse when firing, grip vibration when hit
- **AR-style charging handle** using non-contact Hall sensors
- **Side LEDs** show team colour, turn white when tagged out
- **Display** shows battery and status of paired headbands, vests & shock band; charge visible while off

Optional accessories

Red dot sight · Vertical foregrip · Tactical module (laser indicator + flashlight) · Iron sights · Single-point sling

Indoor Equipment

Vest-and-blaster kits built for dark-arena play, plus a lightweight kid-friendly tagger for indoor venues.

GAME KIT

Galaxy ECLIPSE

A vest and blaster connected by a durable reinforced wire. Vest sensors and blaster flash brightly on hits; the blaster fires non-hazardous beams. Kit includes a second-arm sensor and a safety belt. Rubberised bodies and reinforced vibration indicators.

Vest

Fabric	CORDURA MAXI, 1200 g/m²
Service life	5+ years of operation
Screen	OLED, 30 game indicators
Sensor housing	Polycarbonate, bright colour indicators
Optics	Rubber bumper protection

Blaster

- Lightweight design
- Laser and dynamic illumination of the body shell
- Reinforced wire connection to the vest
- Operates Multistation, SIRIUS and Smart Domination Box by shots

TAGGER

FALCON LUX

Lightweight, kid-friendly indoor tagger with precise sensors. Supports the BLE platform's dual recoil (impulse + vibration) and is included in the rechargeable laser tag set with unified charging ports.

SOFTWARE

Indoor Arena Software

- Windows app — configures and manages equipment
- Wi-Fi link protected from radio interference
- Remote set-up & automatic game completion
- Live battle stats on big screens; printable player stats
- Ready-made scripts & scenario designer

Wearables

Hit-detection headbands and vests, plus the Scorpion Shock-Band — a premium add-on that lets players physically feel every hit.

PREMIUM ADD-ON · 16+

Scorpion Shock-Band

Hit sensors on the headband, vest or tagger register a hit, and the band sends a brief electrical pulse to the player's wrist causing a muscle contraction. A safety limiter module caps every impulse with both software and hardware controls.

- **Adjustable power** — via app or button on the band
- **Polycarbonate body** resists shocks and falls
- **Polyester strap** — doesn't stretch, easy to clean
- **Works with** headband or tactical vest
- **Add to** paintball, quest rooms, active recreation centres

5 IMPULSE POWER MODES	**10 h+** BATTERY LIFE
2 h FULL CHARGE	**16+** TARGET AGE

Business case

Up to **30% higher** per-game bill than regular laser tag and ROI in **up to 1 year**.

HIT DETECTION

Outdoor Headband

Weather-resistant headband for outdoor play. Pairs once with a tagger via NFC and reconnects automatically on power-up (BLE platform). Included in CONFIDENT START and other sets.

HIT DETECTION

Tactical Vest

Vest option for hit registration, compatible with the Scorpion Shock-Band and AR-15 MAVERICK. Status shown on the paired tagger's display.

Scenario & Game-Based Devices

Turn a simple shoot-out into missions — capture points, medkits, respawns, bombs and radiation zones. Each device offers 5–8 game modes and together they enable 100+ scenarios.

Device	Game modes	Activation	Power	Size / Weight	Indication
SIRIUS	Radiation, Medkit, Base, Bonus, Arsenal/Ammo, Respawn, Random	Shots & touch	Battery	19 × 19 × 5.5 cm 520 g	Sound & bright light
MULTISTATION	Radiation, Medkit, Base, Domination Box, Arsenal/Ammo, Respawn, Bomb	Shots	Network	39 × 37 × 7.5 cm 1.6 kg	27 cm LED screen, 7 animations, 2 speakers
SMART Domination Box	Capture by time, Triple capture, Tug-of-War, Capture by shots, Raise the flag	Shots	Battery	22 × 22 × 32 cm 1.6 kg	Sound + LED edges tracking 3 teams

SIRIUS

No mechanical buttons and an almost airtight body — built to resist rain, snow and dust. Compact and autonomous.

MULTISTATION

Big-screen command centre with surround sound. Paired with FALCON taggers, it unlocks 200+ custom game modes via LASERTAG OPERATOR.

SMART Domination

Control point with dynamic visualisation of capture progress and loudspeakers. Included in the LEADERS CLUB set.

NEBULA Grenade

Scenario / effect device used in outdoor play and included in the Basic Set alongside FALCON taggers.

Control & compatibility

All devices are managed with the free LASERTAG OPERATOR software on Windows and Android.

NEW RELEASE

BLE Outdoor Platform

The new-generation electronics platform behind FALCON Premium, FALCON LUX and AR-15 MAVERICK — faster pairing, longer battery life and richer feedback, indoors and outdoors.

- **Bluetooth 5.0** — links taggers with hit-detection devices & shock bands, saves battery
- **NFC pairing** — pair once, auto-reconnect on power-up
- **Dual recoil** — impulse on firing, vibration on hit
- **Contactless triggers** for reliability and longer service life

- **Multilingual voice-over** — English, Spanish, French, Ukrainian; switch per team
- **Built-in accelerometer** — step count on screen and in session stats
- **Universal charging port** for tagger and recoil system
- **Backward compatible** with previous FALCON Wi-Fi taggers after free firmware update

FREE SOFTWARE

LASERTAG OPERATOR

Free control software that unlocks 200+ custom game scenarios. Configure equipment, set languages per team, run scenario devices and view player statistics — on Android and Windows.

200+ scenarios · Android · Windows · Session statistics · One-click power-off

Laser Tag Sets

Complete bundles sized by player count — the fastest way to launch. The Basic Set (12 FALCON taggers, scenario devices such as NEBULA and free accessories) can be launched in as little as 25 days.

Bundle	Players	Contents	Best for
CONFIDENT START	12	6 FALCON F1, 6 FALCON F2, 12 headbands, SIRIUS	Small mobile or indoor arenas
BEST CHOICE	20	10 FALCON F1, 10 FALCON F2, MULTISTATION	Growing outdoor venues
LEADERS CLUB	30	15 FALCON F1, 15 FALCON F2, Smart Domination	High-capacity centres
LITE	12	12 Galaxy Eclipse, MULTISTATION, SIRIUS	Budget indoor set-ups
ELITE	24	24 Galaxy Eclipse, Android Box, Wi-Fi Router	Premium indoor arenas
BASIC SET	12	12 FALCON taggers, scenario devices (incl. NEBULA), free accessories	Quick launch (~25 days)

Battle Pro Set · 20+ players

FALCON taggers, lightweight headbands, SIRIUS scenario devices and free LASERTAG OPERATOR software.

Commercial Set · 30 players

Taggers, weather-resistant headbands plus marketing tools — banners, social media assets and gift certificates.

PREMIUM Bundle · 20 players

Indoor Galaxy Eclipse kits and a MULTISTATION supporting 200+ custom game modes.

Rechargeable Set

FALCON LUX taggers, lightweight headbands, chargers and unified charging ports across devices.

Set quantities can be customised. Contact Winera for a configuration and quotation matched to your venue size.

Inflatable Bunkers

Portable cover for outdoor and mobile laser tag. A full field can be set up in under 30 minutes — each structure inflates in about 1 minute.

Airbunker Tactical

Inflatable balloon with a PVC screen.

High wall · Low wall · Window · Wedge · Corner

Airbunker Tactical-W

Screen on both sides with additional stiffening ribs; adds a doorway structure.

All 5 Tactical types · + Doorway

Materials & options

Material	PVC, 680 g/m² strength
Seams	Glued with high-strength adhesive
Colours	18 PVC colours incl. camouflage
Inflation	~1 minute per structure
Options	Logo marking; water-filled structures stable without extra anchoring
Sport bunkers	Meet standards of major paintball leagues

Next-Gen Attraction Games

Turnkey attractions for FECs, trampoline parks, bowling alleys and social entertainment venues.

FEATURED

Laser Tag Arena

An immersive battle using one of the world's most futuristic laser tag setups, in an arena designed to feel like a real-life movie set. Ideal as an anchor attraction for entertainment centres. Arena size, theme and equipment are configured per project — contact Winera for details.

LED FLOOR GAME

Hyper Grid

Unmanned, multiplayer, turnkey LED floor attraction with 5+ repeatable games, built for high throughput at peak hours. Works with card reader or coin slot; games chosen on touch software, with tutorial video on entry.

Footprint	25 m² (270 sq ft)
L × D × H	6.4 × 4.1 × 2.8 m
Power	Avg 1.5 kW · Max 4.5 kW
Structure	Heavy-gauge mild steel & plywood
Players	1–8 (per game)
Game time	4–6 min (per game)

LASER MAZE

Laser Spy

A laser maze challenge where players dodge beams — a natural companion attraction to laser tag.

WinEra
INTERNATIONAL PVT. LTD.

WHY WINERA
