OBSTACLE COURTS

DO SOME FUN TO YOUR MAIN COURT!

Shock continues to add new features to their already innovative catalog of items with the newly released shock obstacles!

These fun obstacles come in both vinyl and military-grade cordura fabric and offer both standard and glow colors.

These obstacles offer bolt-on installation and work for both new, and existing trampoline parks.

Our interchangeable design allows you to switch up your design in minutes to keep your park features fresh.

AIR BAGS

ADD SOME FUN TO YOUR MAIN COURT!

Air bags are a fantastic foam pit alternative. Air bags offer greater benefits for health, hygiene, safety, jump frequency, and durability. Shock designs your park to include energy-efficient blowers. Our air bags also include custom branding and design capabilities! All air bags are certified for quality and safety, while also providing extra-soft landings and superior functionality to a standard foam pit. Air bags also allow for gradual impact absorption rather than the sudden impact absorption utilized with foam. Last, but not least, air bags help your bottom line because there is no need to perform cumbersome foam cleanup or replacement!

CLIMBING WALLS

Transform your customers into thrill-seeking cliff hangers with custom traverse/clip-in climbing walls and bouldering walls! All shock climbing walls are custom-built and designed with your colors and branding to fit your space.

One that will help draw in more customers and increase revenue without breaking the bank? A diy climbing panel system is a perfect solution! If you have an empty wall in your facility,shock trampoline can help turn it into an all-ages climbing area. With many different color, texture, and shape options, we can help you add a custom climbing area with little effort or money spent!
